

Marilyn just turned 16 and is a virgin who is discovering her erotic, angry self thru journaling. And its her diary for godsake so she naughtily is candid but the scum coming to the surface is scaring her half to death. She's smart not to want to just get screwed and jaded – yeah she has a Mensa IQ of 162 but that in and of itself isnt helping her with the emotional part. Shes fuming about her troubled home life because it's getting in the way of her self-realization. So she plods thru the emotional upheaval with the help of Dear G, her loving, spiritual grandmother.
