

The Dive From Clausens Pier (Vintage Contemporaries)

How much do we owe the people we love? Is it a sign of strength or weakness to walk away from someone in need? These questions lie at the heart of Ann Packer's intimate and emotionally thrilling new novel, which has won its author comparisons with Jane Hamilton and Sue Miller. At the age of twenty-three Carrie Bell has spent her entire life in Wisconsin, with the same best friend and the same dependable, easygoing, high school sweetheart. Now to her dismay she has begun to find this life suffocating and is considering leaving it and Mike behind. But when Mike is paralyzed in a diving accident, leaving seems unforgivable and yet more necessary than ever. *The Dive from Clausens Pier* animates this dilemma and Carries startling response to it with the narrative assurance, exacting realism, and moral complexity we expect from the very best fiction.
