

All Conroy and Kincade wanted was enough gold to build the ranch they dreamed of. Old Angus Newell took them into the Black Hills hoping theyd come back with gold enough for that ranch, somewhere he could spend the rest of his days sitting in front of the fire. Margaret Baldwin went into the Black Hills to find who killed her uncle. Bart Starkey guided her, wanting to get his hands on all the gold. The Lakota Sioux warrior, Blackhand, just wanted to kill the white men whose presence violated the sacred land. These people rode into what Indians called Paha Sapa or sacred hills and the white men knew as the Black Hills, for different reasons. A few got what they wanted, others got what they deserved.
