

Yorkshire 1945. Pamela Canning comes to Halifax following the death of her husband, Jim. Surrounded by people celebrating the end of the War, she no longer feels she belongs in her old home town. But Jim has willed his decorating business to her, and his friend Roger goads her into taking it on. She faces fresh challenges when renovating Stonemoor House. Working for its owner, Andre widens her experience and she becomes renowned for restoring interiors. But before achieving professional success, Pamela must survive the personal turmoil at Stonemoor House...
