

Winter Kill (John Henry Cole Series, Book 3)

The winter around Cheyenne, Wyoming, is devastating, killing both people and livestock. John Henry Cole lives three miles out of town on his small ranch, where he waits out the storm that is quickly killing his cattle and horses. Everything he owns is dying before his eyes, and there isn't anything he can do about it. He knows it's time to move on, and move on he does--but not in the direction he expected. Teddy Green, a Texas ranger, arrives in Cheyenne and seeks Cole's help in locating Ella Mims, a woman who was once intimate with Cole. Green wants to question Mims concerning her involvement in a Denver City murder - - but he's not the only one looking for her.
