

Hunter's life wasn't turning out the way he planned: he was stuck in a dead end job and living with a physically and emotionally abusive boyfriend in the suburbs of Dallas. Then he met Tyler. The attraction was immediate and mutual. Tyler quickly started bringing out the best in Hunter, and the two began planning a relationship together. Hunter soon discovered that Tyler was a vampire, and that it played a role in how intense their attraction was. But even that news paled in comparison when Hunter learned about a secret organization that employed his lover as a paid assassin. And that knowledge comes at a high price. Can Hunter cope when the world he once knew is turned upside-down? This Deluxe Edition combines the two original novellas Bloodbound and Bloodborn, and includes extra content previously unpublished in either story.
