

The Iron Man

In the pages of the Depression-era pulp magazine *Weird Tales*, Howard created Conan the Barbarian, a character whose cultural impact has been compared to such icons as Batman, Count Dracula, James Bond, Sherlock Holmes, and Tarzan[citation needed]. With Conan and his other heroes, Howard created the genre now known as sword and sorcery, spawning many imitators and giving him a large influence in the fantasy field. Howard remains a highly read author, with his best works still reprinted.
