

Tomorrow, Force J will rendezvous with other invasion components in mid-channel and proceed to the French coast. You all know what that means... Hell bent for the Normandy beaches a massive flotilla of naval vessels are involved in one of the most harrowing and dramatic episodes of World War II — Operation Neptune, code name for D Day. The vital contribution by landing craft to the success of the operation is enormous... Will they be able to survive one of the most ambitious naval landings ever? Or will Operation Neptune be their last mission? The Neptune Landing detailing the tragedies and triumphs of D Day is the dramatic sequel to The Tinfish Run and The Pierhead Jump. Praise for Ronald Bassett 'A taut tale with a good leavening of humour' - Birmingham Post Superb ... this is the authentic Navy - Manchester Evening News Endeavour Press is the UK's leading independent digital publisher.
