

The uneasy equilibrium between the Crown, the One-Church and the Academy which ensured the supremacy of the Kingdom of Argys is about to be shattered. Dissent is rampant among the nobility and the One-Church, though weakened by heresy, is bent on bringing all magic practitioners of the Academy to heel. Meanwhile Argys's neighbours are mobilizing and the spectre of war looms large. However, a new prophet has raised his standard. Tens of thousands are answering his rallying call for a world with No Kings, No Gods and No Mercy. Another madman perhaps, but Gaelyon, the Red Prophet, is no ordinary man and plans to reunite the shards of the Dark Gem with the help of Leweth, a young rune mage embittered by the murder of her mother. Kingdoms and individuals must form unlikely alliances in a deadly race against time. Martemio, an unassuming noble, fighting demons both within and from the Netherworld, finds himself at the centre of an epic struggle where the fabric of the Universe and his own soul are at stake. Kingdoms Will Burn is the first volume of the epic trilogy No Kings No Gods No Mercy that will grip readers who wish to make a foray into another world without leaving their brains behind.
