

Frank Clearwater is a bit old-school – he even still uses a pen and paper to take notes. But he's also Autumnfield's best private investigator. So he's hired to help solve a seemingly straightforward case of kidnapping. But when Frank himself is attacked, the case starts to get a bit too personal. The first in a series of short mysteries by Matt Eastwood, Post-War Crimes is written in the style of film noir. It is the perfect read for a short trip and a quick escape.
