

The Nine

Soon after 16 year old Atlas buys a motorcycle, a mysterious fog takes him on an unexpected journey through a series of strange worlds, inhabited by nine sages. They take him on a walk over an endless spiral, sailing with a demigod, tinkering with the worlds greatest inventors, racing a white buffalo, and more, all while sharing lessons about life, death, power, faith, sacrifice, and everything in between. Each experience brings him closer to a greater understanding of himself and the world around him.
