

Ron City (Spanish Edition)

Rodrigo Varas es un tranquilo padre de familia que trabaja como laboratorista en Santiago de Chile el año 2005. Sin quererlo, se ve inmiscuido en medio de una batalla entre grupos neocapitalistas y anarquistas extremos, bandos que esconden oscuros secretos e intenciones. Botellas de ron, un experimento genético, la súbita aparición de super poderes, un partido de la selección chilena de fútbol, una sala secreta conectada a túneles, un laboratorio vitivinícola y un tremendo setlist musical van apareciendo en la vida de Rodrigo, envolviéndolo en extraordinarios eventos en los cuales él pondrá a prueba no solo su valentía, sino también todos los principios que han guiado su vida, ante la amenaza de dilapidar su propio destino y el de la humanidad.
