

## The Secret Agent: A Simple Tale (Oxford Worlds Classics)

Mr Verloc, the secret agent, is involved in an anarchist plot to blow up the Greenwich Observatory which goes disastrously wrong. Based on the text which Conrads first English readers enjoyed, this new edition includes a critical introduction which describes Conrads great London novel as the realization of a monstrous town, a place of idiocy, madness, criminality, and butchery. - ;An impenetrable mystery seems destined to hang for ever over this act of madness or despair. Mr Verloc, the secret agent, keeps a shop in Londons Soho where he lives with his wife Winnie, her infirm mother, and her idiot brother, Stevie. When Verloc is reluctantly involved in an anarchist plot to blow up the Greenwich Observatory things go disastrously wrong, and what appears to be A Simple Tale proves to involve politicians, policemen, foreign diplomats and Londons fashionable society in the darkest and most surprising interrelations. Based on the text which Conrads first English readers enjoyed, this new edition includes a critical introduction which describes Conrads great London novel as the realization of a monstrous town, a place of idiocy, madness, criminality, and butchery. -
