

Samuel Carver makes bad accidents happen to worse people. Hes very good at his job. But nobodys perfect. And one of Carvers targets has got away. Now the world faces a new age of conflict driven by religious fanaticism. In Russia, the government have admitted they no longer know the whereabouts of one hundred small-scale suitcase nukes. In Afghanistan and Kosovo, ruthless terrorists plot the downfall of their hated enemies. In Texas, a dying billionaire plots his own personal Armageddon. And Carver can do nothing to stop them. He was beaten and tortured and left to die, but Samuel Carver is a hard man to kill. When he awakes in a Swiss sanatorium from weeks of torment, he discovers that the woman he loves has vanished. Somehow he must find the strength to track her down. Carvers hunt will take him deep into the heart of a conspiracy in which the lives of millions are at stake. He must confront an agonizing choice between his duty and his heart, and face the ultimate sacrifice. As the clock ticks down to doomsday, who will survive the final, explosive conflagration? In *The Survivor* the worlds of fact and fiction collide in a thriller that grips from the first page to the last.
